Get Out of Your Own Way: Understanding your family of origin

None of us had a perfect childhood - we are all carrying around behaviours that don't serve us well - and may in fact be hurting us. But it doesn't have to be that way. Our past might create our patterns, but we can change those patterns for the better with the right tools. This workshop provides an empowering roadmap to understand and overcome wounds from our family of origin - the foundation of how we relate to others, ourselves and the world around us. Live the life you deserve.
